

Daniel Rauchholz & Mike Bergmeier

Daniel Rauchholz and Mike Bergmeier have been involved in efforts to assist our Ukrainian friends in agriculture, including some who have hosted Kansas ag trade teams, who are now fighting on the front lines to defend their country. Together, along with others in the state, Daniel and Mike have organized fundraisers, collected personal protective equipment, a portable x-ray machine, personal trauma/first aid kits, and other supplies that were sent to fighters on the front lines in the battlefields of Ukraine.
