

Wichita County Local Enhanced Management Area (LEMA): Historical Use & Allocations

Revised: 11/15/2019

Vested WR's

KDA-DWR Notes:

- Vested Water Rights shall not be mandatorily altered by a LEMA, allocations listed are for vested water rights that are voluntarily entered into LEMA

- All historical use is based on active years of pumping only
- "Legal Use" reduces water use to max authorized qty/yr where overpumping may have occurred
- "Multiple PD's" = a group or battery of wells under one water right that are authorized a blanket annual quantity.
- "Est rate (gpm)= Ave Use in 150 Days" = a consistent minimum pumping rate needed to be able to pump historical average use listed in 150 days.
- Water rights are consolidated into "units"
- A "Unit" is a group of water rights overlapped by place of use, multiple water rights on a well, or multiple wells under one water right
- A "Unit #" does not reflect any water right information. It is an arbitrary number for this data set

To search for a WR# on PDF:

- *If needed, contact KDA-DWR or GMD1 to determine your water right #
- 1) Press "Ctrl + F"
- 2) Enter water right # into box
- 3) Click "Find Next" or "Find All" until found
