The commissioner or the commissioner's employees or agents may examine the records and accounts during normal working hours.

(b) After notice and hearing in accordance with the provisions of the Kansas administrative procedure act, the commissioner may deny any application for registration or suspend or revoke any registration in force, if formal findings are made that the person has failed repeatedly to maintain records and accounts that are sufficient to allow the commissioner to trace animals back to the herd of origin, to the point of destination or both.

(b) The commissioner, after providing notice and opportunity for a hearing in accordance with the Kansas administrative procedure act, may assess a civil penalty against any person who violates or fails to comply with the requirements of this act, or any rules and regulations adopted hereunder, of not less than \$100 nor more than \$1,000 per violation. A separate civil penalty may be assessed for each separate violation. Such civil penalty may be assessed in addition to any other penalty provided by law.

History: L. 1984, ch. 194, § 4; L. 1990, ch. 193, § 3; July 1; L. 2012, ch. 125, § 38; July 1.

47-1808. Bonding of livestock dealers; exceptions; amount of bond; who bond benefits; additional bond may be required; attorney fees assessed as costs in certain actions; penalties. (a) Except if bonded under the packers and stockyards act, 1921, as amended and supplemented, 7 U.S.C. 181 et seq., every livestock dealer required to be registered pursuant to K.S.A. 47-1805, and amendments thereto, upon notification by the animal health commissioner of the amount of bond required, shall file with the animal health commissioner a bond with good corporate surety qualified under the laws of the state of Kansas in a sum computed by dividing the dollar value of livestock sold during the preceding business year, or the substantial part of that business year, in which the livestock dealer did business, by the actual number of days on which livestock was sold. The divisor, the number of days on which livestock was sold, shall not exceed 130. The amount of bond coverage must be the next multiple of \$5,000 above the amount so determined. When the computation exceeds \$75,000, the amount of bond coverage need not exceed \$75,000 plus 10% of the excess over \$75,000, raised to the next \$5,000 multiple. In cases where a business operation is being commenced, an estimated amount of business to be transacted during the next 12 months may be used subject to adjustment later, if indicated. In no event shall the bond be for an amount less than \$10,000.

(b) The bond shall be in favor of the state of Kansas for the benefit of all persons interested, their legal representatives, attorneys or assigns and shall be conditioned on the faithful performance of all the registrant's duties as a livestock dealer. Any person injured by the breach of any obligation of the livestock dealer may commence suit on the bond in any court of competent jurisdiction to recover damages that the person has sustained, but any suit commenced shall either be a class action or shall join as parties plaintiff or parties defendant or other persons who may be affected by such suit on the bond. No bond shall be canceled by the surety on less than 30 days' notice by mail to the animal health commissioner and the principal except that no such notice shall be required for cancellation of any bond by reason of nonpayment of the premium thereon. The liability of the surety on the bond may continue for each successive registration period the bond covers. The total liability of the surety shall be limited to the amount stated on the current bond or on an appropriate rider or endorsement to the current bond. It is the intent of this statute that the bonds be nonaccumulative, that stacking of bonds not occur in excess of the face value of the current bond.

(c) Whenever the animal health commissioner determines that any bond given by any livestock dealer is inadequate and insufficient security against any loss that might arise under the terms of the bond, the animal health commissioner shall require any additional bond that the animal health commissioner considers necessary to provide adequate security. If the animal health commissioner considers the financial condition of the surety upon any livestock dealer and the livestock dealer's bond to be impaired, the animal health commissioner shall require any substituted or additional bond that the animal health commissioner considers necessary except this act shall not apply to those who buy livestock for others incidentally to their own farming operation.

(d) In all actions hereafter commenced in which judgment is rendered against any surety company on any surety bond furnished under the provisions of this section, if it appears from the evidence that the surety company has refused without just cause to pay the loss upon demand, the court shall allow the plaintiff a reasonable sum as attorney fees to be recovered and collected as a part of the costs. When a tender is made by the surety company before the commencement of the action in which judgment is rendered and the amount recovered is not in excess of the tender, no such costs shall be allowed.

(e) Any person violating or failing to comply with the provisions of this section shall be deemed guilty of a class A misdemeanor.

(f) This section shall be part of and supplemental to article 18 of chapter 47 of the Kansas Statutes Annotated, and amendments thereto.

Feral swine includes members of the species *sus scrofa lineas*, including, but not limited to, swine commonly known as old world swine, Russian wild boar, European wild boar, Eurasian wild boar and razorbacks. Feral swine does not include members of the species *sus domestica* which are involved in domestic hog production.

(b) No person shall import, transport or possess live feral swine in this state.

(c) No person shall intentionally or knowingly release any hog, boar, pig or swine to live in a wild or feral state upon public or private land.

(d) No person shall engage in, sponsor, or assist in the operation of a contained hunting preserve of swine, whether such swine are feral or otherwise, within this state. For the purposes of this subsection, any tract of land on which a fence or other apparatus is used to prevent the free roaming of swine which are to be hunted and not used solely for domestic swine production shall be deemed to be a contained hunting preserve.

(e) No person shall engage in, sponsor, instigate, assist or profit from the release, killing, wounding or attempted killing or wounding of feral swine for the purpose of sport, pleasure, amusement or production of a trophy.

(f) Violation of subsection (b), (c) or (d) may result in a civil penalty in the amount of not less than \$1,000 nor more than \$5,000 for each such violation. In the case of a continuing violation, every day such violation continues shall be deemed a separate violation.

(g) Violation of subsection (e) may result in a civil penalty of not less than \$250 nor more than \$2,500 for each such violation.

(h) Any duly authorized agent of the animal health commissioner, upon a finding that any person, or agent or employee thereof, has violated any of the provisions stated above, may impose a civil penalty upon such person as provided in this section.

(i) No civil penalty shall be imposed pursuant to this section except upon the written order of the duly authorized agent of the animal health commissioner to the person who committed the violation. Such order shall state the violation, the penalty to be imposed and the right of the person to request a hearing in the matter. Any such person, within 20 days after notification, may make written request to the commissioner for a hearing in accordance with the provisions of the Kansas administrative procedure act.

(j) Any person aggrieved by an order of the commissioner made under this section may appeal such order to the district court in the manner provided by the Kansas judicial review act.

(k) Any civil penalty recovered pursuant to the provisions of this section shall be remitted to the state treasurer in accordance with the provisions of K.S.A. [75-4215](#), and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state general fund.

(l) The animal health commissioner of the Kansas department of agriculture, or the authorized representative of the animal health commissioner, may destroy or require the destruction of any feral swine upon discovery of such swine.

(m) The provisions of this section shall not be construed to prevent owners or legal occupants of land, the employees of such owners or legal occupants or persons designated by such owners or legal occupants from killing any feral swine when found on their premises or when destroying property. Such designees shall have a permit issued by the animal health commissioner in their possession at the time of the killing of the feral swine.
