Attached are the random survey sections for the 2021 annual weed survey as required by K.S.A. 2-1318. The primary section numbers are the 10 sections that are to be surveyed. If you cannot access any of the primary sections, choose a replacement from the secondary sections. With this, you should always be able to survey a full 10 sections.

If you are not able to survey a primary section, let me know why (i.e. "It is in the middle of a lake") and I will remove it from the state survey. NOTE: "It is too far from the road" is NOT a valid reason for not surveying a section.
