FEDERAL NOXIOUS WEED QUARANTINE

The Secretary of the Kansas Department of Agriculture, pursuant to K.S.A. 2-2117, a provision of the Plant Pest and Agriculture Commodity Certification Act ("Act"), hereby determines that quarantine action is necessary to prevent the further introduction and spread of those weeds designated noxious by federal regulation into and within the State of Kansas.

The Secretary does hereby make the following findings relevant to such federally designated noxious weeds:

WHEREAS, the U.S. Department of Agriculture (USDA); Animal and Plant Health Inspection Service (APHIS); and Plant Protection and Quarantine (PPQ) has designated the species of plants listed in 7 CFR 360.200 as noxious weeds pursuant to the federal Plant Protection Act (7 U.S.C.A. § 7701, *et seq.*);

WHEREAS, the Kansas Department of Agriculture has determined that all such federally designated noxious weeds are plant pests as defined in the Act; and

WHEREAS, these federally designated noxious weeds have innate tendencies for invasiveness, which requires the establishment of an internal and external quarantine of all such weeds in the State of Kansas.

THE SECRETARY DOES THEREFORE ORDER THAT:
