

Thanks to the 2020 Kansas Ag Heroes!

Dan Biedenbender

I would like to nominate my husband, Dan Biedenbender, for this honor. He is our hero every day and I would like others to know him. Dan has worked in agriculture since he was 14 helping his uncle with pigs. He has worked on various ranches through the years and it is his passion. He goes to work on the Burgess Land and Cattle feedlot every day. Has not missed a single day due to Covid. Feeds, works and tends to the cattle along with helping in the fields planting and haying. It is an all-around farm. Dan has also gotten our son involved as he has been remote learning since March. And oh, the things he has learned. Thank you for your consideration.

Nominated by Meloni Biedenbender
