

# Corn in Kansas

**Kansas  
farmers grow  
21 billion  
pounds of  
corn, the  
equivalent of  
24,269  
airplanes!**

**75% of all  
grocery  
items  
contain  
corn in  
some way**

**Kansas farmers plant more than four  
million acres of corn each year.**
