---

Chief Engineer,

It's DWR's understanding that the C.E. wishes to see some summary document from DWR that identifies and explains:

- Copies of notices (both direct mailings and any published notices) sent regarding this matter, including the date sent, a listing of who received such notices (including domestic well owners), and any criteria that DWR used to decide who should receive such notices.
- Any deadline that was provided to respond to such notices.
- A summary of any responses received to date.
- DWR's response regarding GMD2's attached 8/30/18 request.

If the above is not correct, please let me know.

As to when DWR can comply with your request, DWR asks that it be allowed to comply by COB tomorrow because Lane Letourneau, the Water Appropriation Program Manager, is out of the office today but will return tomorrow.

**Subject:** Wichita ASR Motion to Extend Time

Gentlemen,

Attached is the Chief Engineer's Order extending the time by two weeks to designate expert witnesses.

In order to address the rest of the motion, the CE has asked DWR staff to create a summary of all notifications and related deadlines that have been sent before he considers the rest of GMD2's request. We plan to circulate that to the rest of the group once it is complete. He hopes to have a decision by the end of the week or early next week at the latest.

Also for future submissions, please remember that in the Pre-Hearing Order, it was noted that everyone agreed to the sole use of electronic service for this hearing. Thanks!
