

Cattle Feedlot Licensing Guide

The Kansas Department of Agriculture (KDA) is devoted to the total support of agriculture in Kansas. While we must fulfill our statutory obligations, the department is dedicated to providing support and assistance to make Kansas farms, ranches and agribusinesses successful and help them grow if that is their desire. We also encourage more farms, ranches and other agriculture businesses to expand in or relocate to Kansas. This checklist will help guide you through various resources and requirements for opening and operating a typical Kansas feedlot. In addition to license requirements by KDA, other Kansas agencies, as well as local or federal government agencies, may have regulatory requirements to follow. Contact your local planning authority to ensure you follow all local business development laws, rules, regulations and guidelines. This guide is designed to assist you as you work to build and operate a successful feedlot in Kansas.

✓	Department	Description	Renewal
	Office of the Secretary of State https://sos.ks.gov/	Complete the appropriate business entity filings and forms required by the Kansas Secretary of State. Call (785) 296-4564 for more information.	Prior to starting
	Department of Revenue www.ksrevenue.gov	Visit the Department of Revenue website to find important business tax information . Call (785) 368-8222 for more information.	Prior to starting
	Department of Agriculture — Division of Animal Health www.agriculture.ks.gov	Operations with a one-time capacity of more than 1,000 head must complete a Cattle Feedlot License application. For a multiple herd source beef genetic sale or any other occasional sale of livestock, complete the Occasional Sales Application . If desired, visit the Animal Health Brands webpage or call (785) 564-6609 to determine brand availability or to apply for a brand. Interstate shipment of livestock requires official identification and certificate of veterinary inspection or other documentation. Some exemptions exist for feeder calves. Consult the Division of Animal Health Import and Export Regulations for a complete list of requirements or call (785) 564-6601. Before exporting livestock from Kansas, contact the state of destination for their livestock import requirements. For a list of each state's cattle import requirements, visit https://www.interstatelivestock.com/ . For more information, visit the Division of Animal Health webpage or call (785) 564-6601. information, visit the Division of Animal Health webpage or call (785) 564-6601.	Prior to October 1; April 1 for Brands — Prior to shipment of livestock
	Department of Agriculture — Division of Water Resources www.agriculture.ks.gov	The state of Kansas requires a permit for water used for stockwatering. Stockwatering is the watering of livestock and other uses of water directly related to the operation of a feedlot with the capacity to confine 1,000 or more head of cattle; or any other confined livestock operation that would divert 15 or more acre-feet (4.88 million gallons of water) per calendar year. Any group of feedlots or confined feeding operations may be considered a single operation if there are common feeding or other physical facilities, and the group of facilities is under common management. Review the Kansas Water Law Basics . Visit the Water Appropriation Forms webpage and complete the Application for Permit to Appropriate Water for Beneficial Use and the Stockwater Use Supplemental Sheet . For more information, visit the Division of Water Resources webpage or call (785) 564-6640.	Yearly Report of water use, March 1
	Department of Agriculture — Weights and Measures www.agriculture.ks.gov	No license is needed from Weights and Measures. Any business with a weighing or measuring device (e.g. scales, fertilizer meters, oil meters, measuring tapes, electric car chargers, taxi meters, etc.) must hire a licensed service company to inspect and test devices once annually, and any time additional maintenance, repairs, adjustments and calibrations are made throughout the year if the devices are used to determine the cost of any transaction. Examples include scales at grocery stores, yogurt shops, restaurants, hardware stores, nurseries, seed dealers, etc. Examples of meters include meters used at a car service center to add oil to your engine, fertilizer meters at agronomy centers, water meters in grocery stores for sale of bottled water, etc. For more information, visit the Weights and Measures Program webpage or call (785) 564-6681.	Annual service

Cattle Feedlot Licensing Guide

✓	Department	Description	Renewal
	Department of Agriculture — Pesticide and Fertilizer www.agriculture.ks.gov	If the feedlot will apply effluent to crops by blending effluent with fresh water through an irrigation system, a Chemigation User's Permit will be required. Visit the Chemigation webpage for additional requirements or call (785) 564-6688.	Prior to chemigating, Annual renewal January 1
	Department of Health and Environment — Bureau of Environmental Field Services, Livestock Waste Management Section www.kdheks.gov	Any facility that confines 300 animal units or more must register with the Kansas Department of Health and Environment (KDHE). Animal units can be calculated on the registration form. The need for additional permits and nutrient management plans will be determined based upon the number of animal units and pollution potential. Additional requirements may exist if a facility of any size is considering composting. For more information, visit the Livestock Waste Management webpage or call (785) 296-6432.	Prior to construction
	Department of Health and Environment — Bureau of Water, Industrial Program Section www.kdheks.gov	An NPDES Construction Stormwater Permit is required only if one or more acres are disturbed during construction. The permit is required prior to the start of soil disturbing activities (construction). For more information, visit the KDHE Industrial Programs website or call (785) 296-5549.	Prior to construction
	Department of Health and Environment — Bureau of Water, Municipal Program Section www.kdheks.gov kslepp.org	If the facility will employ an on-site wastewater treatment system for human wastewater rather than utilize a municipal sanitary sewer for handling and disposal of sewage from the facility, contact the KDHE Municipal Program Section at (785) 296-5527 for construction and permitting requirements.	Prior to construction
	Department of Health and Environment — Bureau of Water, Public Water Supply and Geology & Well Technology Section www.kdheks.gov	If the facility will not utilize a municipal public water supply or rural water supply as the source of drinking water and the facility will serve 25 people or more per day, 60 or more days per year, it will be considered a public water supply subject to state/federal drinking water requirements. Contact the KDHE Public Water Supply Section at (785) 296-5514. Water wells shall be constructed by Kansas-licensed water well contractors. There are special construction requirements for water wells serving public water supplies. For more information, contact the KDHE Geology & Well Technology Section at (785) 296-7265.	Prior to construction
	Department of Health and Environment — Bureau of Environmental Remediation, Storage Tank Section www.kdheks.gov	Entities operating their own fuel tanks may be required to register with the Kansas Department of Health and Environment (KDHE). Review information about aboveground storage tanks (AST) and underground storage tanks (UST). Review the KDHE Storage Tank Section website for further information, or call (785) 296-1678 for permitting information. The Kansas Small Business Environmental Assistance Program (SBEAP) has AST program highlights and registration requirements in addition to assistance with UST inventory control.	Prior to installing tanks, Annual renewal August 1
	Department of Health and Environment — Bureau of Air www.kdheks.gov	Gasoline dispensing facilities are subject to federal air regulation. A guidance document is available to assist in determining regulatory requirements. Refer to the Standard Construction Permit/Approval for Gasoline Dispensing Facilities if applicable. For more information, review the KDHE Bureau of Air website or call (785) 296-6024.	Prior to dispensing fuel
	Kansas Department of Wildlife and Parks (KDWP) www.ksoutdoors.com	Projects that involve public funds or government assistance, require another state or federal permit, or potentially affect a current listed species or its critical habitat need an environmental review . Contact KDWP's Ecological Services Section at (620) 672-0720 for more information.	Prior to construction
