Kansas Live Plant Dealer License Application

Who must have a Kansas live plant dealer license?

Any entity or person that grows live plants for sale or distribution, buys or obtain live plants for selling or distribution, establishes or moves live plants within Kansas to establish such live plants for others for compensation (such as landscapers), or who gives live plants as a premium or for advertising purposes. See K.S.A. 2-2113 and K.S.A. 2-2120 for actual statutory language.

All live plant dealers requesting issuance of a license must complete Sections I - IV.

All live plant dealers requesting a certificate of inspection must complete Section V.

A Kansas live plant dealer must obtain a Kansas live plant dealer license prior to selling, offering for sale, delivering, or planting any live plants in Kansas. Live plants include any living plant, cultivated or wild, or any part thereof, that can be propagated, except for the following:

- 1) Field and forage crops;
- 2) seeds or sets of any kind;
- 3) cut flowers and cut greenery not used for propagation;
- 4) fruits and vegetables used for food or feed; and
- 5) aquatic plants used in indoor aquariums.

Exemptions from the live plant dealer license:

If a live plant dealer does not import into or export from Kansas live plants, and collects less than \$10,000 annually in gross receipts, such live plant dealer may be exempt from the licensing requirements.

To claim the license exemption, please complete Sections I - IV and check the box in Section III.

I. Please provide all information requested

Legal Name of live plant dealer: _____

DBA (Doing Business As) Name, if applicable: _____

Address: _____

City: _____ State: _____ ZIP Code: _____

V. Live Plant Inspections

PLEASE NOTE: A Kansas live plant dealer license does not certify your live plants for export to other states!

← *Check this box and complete this section if you plan to ship live plants to another state or want live plants officially inspected.*

Please list all locations where live plants, nursery stock, or other plants are to be inspected. Please provide detailed information for all sites, i.e., the field designation or name, legal description and/or address, accurate directions and/or maps showing the location of the field. Please include estimated square footage or acreage for each site. Use additional sheets if necessary.

Please list all states where you plan to ship live plants. Each state regulates specific plant pests that your inspector will need to look for when inspecting your plants.

Fees

Inspection fee: \$30 per hour plus mileage
Certification fee: \$20 for domestic shipments and \$50 for international shipments

Send payment only for licenses requested with this form. You will be billed for requested inspections.
