Aminopyralid; 2,4-D; Dicamba; Picloram; Imazapic; Clopyralid

Priorities for Weed Control are as follows:
1. Right of Ways
2. Crop Land
3. CRP
4. Pasture
5. Waste

II. Vegetation Management Program:
County intersections, sign posts and culverts are being treated by the County Road & Bridge Department. The County Road & Bridge Supervisor is in charge of this treatment.

III. Surveys are done as time permits during the months of April through October.

IV. Outreach
1. Director meets with County Commissioners & County Attorney as needed.
2. Director meets with City Manager as needed.
3. Director publishes Public Notice every year prior to April 1st.

V. Prevention
1. Inspection of noxious weeds are done as time permits and upon request.
2. Director has very limited time for inspection of harvest equipment.

VI. Training and Professional Development
1. Director attends as many district meetings as possible.
2. Director attends annual conferences for training and recertification.
3. Director attends safety training as required.
4. Director attends mandatory County employee meetings as required.
