

County Option Noxious Weeds

The Kansas Noxious Weed Act allows for counties to declare, with approval of the Secretary of Agriculture, species of plants to be noxious in their county (K.S.A. 2-1314).

This page will be updated to show the counties that declare county option noxious weeds and the weeds declared.

County	Weeds Declared		Date Declared
Franklin	Common Teasel	Dipsacus fullonum	8/31/2020
	Cut-leaf Teasel	Dipsacus laciniatus	8/31/2020
Elk	Common Teasel	Dipsacus fullonum	6/28/2021
	Cut-leaf Teasel	Dipsacus laciniatus	6/28/2021

The Control Programs for the above listed species can be found under the Controlling Noxious Weeds Heading on this website.
