The following copy of selected regulations are made available by the Kansas Department of Agriculture for the convenience of the public and is to be used only as a reference. While the Kansas Department of Agriculture has made every effort to accurately reproduce these regulations, they are not the official regulations of the State. The Kansas Administrative Regulations (K.A.R.), published by the Secretary of State should be consulted for the text of the official regulations of the State.

Agricultural Liming Materials Act

Kansas Administrative Regulations

Article 5. Agricultural Liming Materials

K.A.R. 4-5-3. Inspection tonnage report. (a) When a manufacturer, producer, or distributor submits a tonnage report which cover several locations, the report shall include the following:

- (1) Name and address of each location registered; and
- (2) The number of tons sold or distributed from each location.

(b) Each manufacturer, producer, or distributor shall keep adequate records for a period of three (3) years of the tonnage of agricultural liming material sold and distributed from each of its business locations with the state. (Authorized by K.S.A. 1981 Supp. 2-2910; implementing K.S.A. 1981 Supp. 2-2906; effective May 1, 1982.)

K.A.R. 4-5-4. Agricultural liming material testing. The process for determining the effective calcium carbonate equivalent of agricultural liming materials shall be in accordance with Kansas state university's document titled "Kansas state university soil testing lab agricultural liming material testing procedure," dated October 15, 2015, which is hereby adopted by reference. (Authorized by K.S.A. 2-2910; implementing K.S.A. 2015 Supp. 2-2903 and 2-2907; effective April 15, 2016.)
