Weights and Measures
Kansas Administrative Regulations

Article 25. – Technical Requirements for Weighing and Measuring Devices

K.A.R. 99-25-1. Adoption by reference, exceptions; availability of copies. (a) The document titled "specifications, tolerances, and other technical requirements for weighing and measuring devices, as adopted by the 96th national conference on weights and measures 2011," published by the national institute of standards and technology (NIST), Gaithersburg, MD, as the 2012 edition of NIST handbook 44, is hereby adopted by reference, with the following exceptions:

1. Section 3.31.UR.2.2;
2. sections 5.56.(a) and 5.56.(b);
3. in appendix A, sections 1 and 6; and
4. in appendix B, sections 1 and 2.

(b) The adopted portions of NIST handbook 44 shall apply to commercial, data-gathering, and weighing and measuring devices in the state.

(c) Each vehicle-mounted metering system manufactured on or after January 1, 1995 shall be equipped with a ticket printer. A copy of the ticket issued by the vehicle-mounted metering system shall be given to the customer at the time of delivery or as otherwise specified by the customer.

K.A.R. 99-25-3 Certificate of conformance. (a) No person shall use a weighing or measuring device for commercial purposes within the state of Kansas unless a certificate of conformance has been obtained for the weighing or measuring device before its use for commercial purposes within the state of Kansas.

(b) For the purpose of this regulation, a "certificate of conformance" means a document issued by the national institute of standards and technology, national conference on weights and measures, or other authorized laboratory establishing that the weight or measure or weighing or measuring instrument or device meets the requirements of the national institute of standards and technology handbook 44 as adopted by reference in K.A.R. 99-25-1.

(c) Any certificate of performance issued by the national bureau of standards or other authorized laboratory establishing that the weighing or measuring device meets the requirements of the national bureau of standards handbook 44 as previously adopted by reference in K.A.R. 99-25-1 on and after May 1, 1986 may be accepted in lieu of the certificate of conformance required in subsection (b) of this regulation.

(d) This regulation shall not apply to a weighing or measuring device manufactured and installed in the state before May 1, 1986. This regulation shall not apply to a one-of-a-kind device or type of weighing and measuring device for which there are no weighing and measuring devices that are traceable to a certificate of conformance if the weighing or measuring device complies with the applicable requirements, including permanence, of the national institute of standards and technology handbook 44 as adopted by reference in K.A.R. 99-25-1. (Authorized by and implementing K.S.A. 83-207; effective May 1,
Continuing education requirements for technical representatives. (a) Before the license of a technical representative is issued or renewed by the Kansas department of agriculture, the technical representative shall complete a minimum of four clock-hours of verifiable continuing education for each category of weighing or measuring devices. The continuing education shall consist of educational seminars regarding the following topics:

1. The installation, calibration, or repairing of a weighing or measuring device;
2. the applicable state weights and measures laws or regulations;
3. the applicable handbooks adopted by reference in these regulations;
4. the information required on testing and reporting forms; and
5. the proper method for testing weights and measures and weighing and measuring devices.

(b) All training or continuing education not conducted by the Kansas department of agriculture or representatives of the department shall be approved by the secretary before the training or continuing education is applied toward the requirements for continuing education.

Technical representative license application and renewal. (a) Each person applying for a technical representative license or renewal of a license shall submit an application on a form provided by the department. 

(b)(1) Each license shall be issued or renewed if the technical representative performs the following:
   (A) Completes and submits the application form provided by the department;
   (B) successfully completes the continuing education seminar conducted by the department for each category of weighing or measuring devices in which the technical representative is registered during the effective period of the technical representative’s license;
   (C) pays the continuing education seminar fee as follows:
      (i) $82 for each continuing education seminar required for the licensure year beginning on July 1, 2018 and through June 30, 2019;
      (ii) $85 for each continuing education seminar required for the licensure year beginning on July 1, 2019 and through June 30, 2020; and
      (iii) $100 for each continuing education seminar required for each licensure year beginning on or after July 1, 2020; and
   (D) obtains a score of at least 80 percent on the examination administered by the department.

(c) Each technical representative license shall expire on June 30.

K.A.R. 99-25-6 Notification of nonconforming weighing or measuring device. (a) Each service company shall notify the weights and measures office by telephone, facsimile, mail, or e-mail within 48 hours of any attempt to calibrate, repair, or adjust a measuring or weighing device that cannot be certified as conforming with all applicable tolerances, specifications, and requirements. The notification shall contain the following information:

1. The location of the weighing or measuring device;
2. the weighing or measuring device’s serial number, identification number, or any other identifying number;
3. the name of the technical representative or representatives who attempted to calibrate, repair, or adjust the device;
4. the date on which the calibration, repair, or adjustment was attempted; and
5. a description of the factors that the technical representative determined were preventing the device from being repaired or adjusted in order to meet all applicable tolerances, specifications, and requirements.

(b) If a service company sends in a report by a telephone, facsimile, or e-mail, the service company shall mail a hard copy of the same information to the weights and measures office within seven days of the date of the attempt to repair, adjust, or calibrate the weighing and measuring device.

(c) Each report mailed to the administrator shall be considered timely if it is postmarked by the second business day following the unsuccessful attempt to calibrate, repair, or adjust the weighing and measuring device described in the report.

K.A.R. 99-25-7 Reporting requirements. The service company or the city or county department of public inspections of weights and measures shall send a copy of the appropriate report to the weights and measures office within 10 days after a test or inspection in which any of the following devices is found to be within applicable tolerances, standards, and requirements:

(a) Large capacity scale;
(b) small capacity scale;
(c) vehicle tank meter; or

K.A.R. 99-25-9. Adoption by reference. Except as specified in subsection (c), the following uniform regulations published by the national institute of standards and technology (NIST), Gaithersburg, MD, in the 2012 edition of NIST handbook 130, titled “uniform laws and regulations in the areas of legal metrology and engine fuel quality, as adopted by the 96th national conference on weights and measures 2011,” are hereby adopted by reference and shall apply to weighing and measuring devices in the state: (a) “Uniform packaging and labeling regulation”; (b) “uniform regulation for the method of sale of commodities”; and (c) “uniform engine fuels and automotive lubricants regulation,” except for the following sections: (1) 2.1.2, which caps ethanol at 10 percent; (2) 2.15, which pertains to the testing standard for B100 biodiesel; (3) 2.16, which pertains to the testing standard for biodiesel blends; and (4) 3.2.6, which pertains to oxygenates.

K.A.R. 99-25-10. Retail dispenser labeling. Each retail dispenser of fuel ethanol shall be labeled with the capital letter “E” followed by the percentage of denatured ethanol, by volume, and ending with the word “ethanol” if the percentage of fuel ethanol, by volume, exceeds 10 percent. (Authorized by and implementing K.S.A. 2004 Supp. 55-442; effective Aug. 26, 2005.)

K.A.R. 99-25-11. Motor fuel defined; testing standards. (a) “Motor fuel” shall include the following fuel products used for the generation of power in an internal combustion engine, in addition to the fuel products specified in K.S.A. 55-422 and amendments thereto: (1) B100 biodiesel fuel; (2) biodiesel blended fuels; (3) gasoline-ethanol blended fuels; and (4) diesel-ethanol blended fuels. (b) All B100 biodiesel fuel shall meet the requirements of ASTM D 6751-07b, “standard specification for biodiesel fuel (B100) blend stock for distillate fuels.” (c) All blends of biodiesel and diesel fuels shall meet the following requirements: (1) The base diesel fuel shall meet the requirements of ASTM 975-07b, “standard specification for diesel fuel oils”; and (2) the biodiesel blend stock shall meet the requirements of ASTM 6751-07b, “standard specification for biodiesel fuel (B100) blend stock for distillate fuels.” (Authorized by and implementing K.S.A. 2007 Supp. 55-422 and K.S.A. 55-442; effective Feb. 8, 2008.)

Article 26. - Fees

K.A.R. 99-26-1. Fees. (a) The following fees and other necessary and incidental expenses incurred shall be charged for requested services rendered by the secretary or the secretary’s authorized representative in conjunction with the testing, proving, or evaluation of weights, measures, and devices, at the following rates: (1) The testing and proving of any weights, measures, balances, and other measuring devices conducted at the place of use shall be charged at the rate of $50.00 per hour or fraction thereof. (2) Conducting or assisting with an evaluation for a national conference on weights and measures certificate of conformance shall be charged at a rate not to exceed $200.00 per hour or fraction thereof as necessary to cover the expenses incurred by the department in providing these services.

**Article 27. – Civil Penalty**

**K.A.R. 99-27-1 Civil penalty.** Civil penalties shall be assessed based on the harm caused by the violation, the nature and persistence of the violation, the length of time over which the violation occurs, any corrective action taken, and any and all relevant circumstances. The penalty shall be based on the following chart. After the maximum penalty is assessed for any violation, the next range of penalties may be applied for any repeat offense.

1 = A penalty ranging from $1,001 to $5,000 per violation.
2 = A penalty ranging from $501 to $1,000.
3 = A penalty ranging from $100 to $500 per violation.

K.A.R. 99-27-2. Civil penalty; order. Each order that assesses a civil penalty shall include the following elements:
(a) A statement reciting each subsection of the act authorizing the assessment of a civil penalty;
(b) a specific reference to each provision of the act or implementing regulation that the respondent is alleged to have violated;
(c) a concise statement of the factual basis for each alleged violation;
(d) the amount of the civil penalty; and

K.A.R. 99-27-4. Informal settlement. (a) Any respondent may request an informal settlement conference if the respondent timely filed a written request for a hearing. The request may be contained in the respondent's request for a hearing. The request shall be made before the prehearing conference.
K.A.R. 99-27-5. Adjusting the amount of the civil penalty.  (a) At the informal settlement conference, each respondent shall present all evidence relating to adjustment of the civil penalty. This evidence may include mitigating factors or new evidence not previously known to the secretary when the order was issued.

(b) If the respondent presents new evidence establishing facts and circumstances that were unknown to the secretary when the order was issued, one of the following shall apply:

(1) If the new evidence relates to the gravity of the violation, an adjustment may be made to the civil penalty.

(2) If the new evidence establishes that a respondent did not commit the violation, the order shall be amended or vacated.

(c) Each respondent shall have the burden of presenting evidence of any mitigating factors to support any requested reduction in the amount of the civil penalty. The amount of the civil penalty may be reduced if the reduction serves the public interest.

(d) The amount of a civil penalty shall not be reduced to less than $100 per offense.

(e) The decision regarding reduction of a civil penalty shall lie solely within the discretion of the secretary or the secretary’s designee.

Article 30. – Large Capacity Scales; Testing and Service

K.A.R. 99-30-2 Registration form. Each application for issuance or renewal of a scale testing and service company license shall provide the following information:

(a) The name and business address of the applicant;

(b) the name, home address, social security number, and date of birth of all technical representatives who repair, calibrate, adjust, or test scales for the applicant;

(c) the signature and title of the applicant or representative;

(d) the date of submission of the application;

(e) a certification that the applicant is fully qualified to install, service, repair, or recondition scales; and

(f) a certification that the applicant has in possession or available for use sufficient standards and equipment adequate to test scales. (Authorized by K.S.A. 83-303; implementing K.S.A. 83-302, as amended by L. 2001, Ch. 5, Sec. 483; effective May 1, 1986; amended Oct. 21, 1991; amended Jan. 18, 2002.)

K.A.R. 99-30-3 Conformance with handbook 44. Each scale testing and service company shall conduct each test and make each repair to scales in conformance with the requirements of the National Institute of Standards and Technology handbook 44 as adopted by reference in K.A.R. 99-25-1. Copies of this material or the pertinent portions of it shall be available from the office of weights and measures, Kansas department of agriculture, Topeka, Kansas. (Authorized by and implementing K.S.A. 83-303; effective May 1, 1986; amended Oct. 21, 1991; amended Jan. 18, 2002.)

K.A.R. 99-30-4 Minimum required equipment. Each scale testing and service company shall have at each place of business sufficient standards and equipment to adequately test scales as specified in the notes section of the general code and in the scale code contained in the National Institute of Standards and Technology handbook 44, as adopted by reference in K.A.R. 99-25-1. (Authorized by and implementing K.S.A. 83-303; effective May 1, 1986; amended Oct. 21, 1991; amended Jan. 18, 2002.)

K.A.R. 99-30-5 Removal of rejection tags. (a) For the purpose of testing or repairing a scale, any licensed scale testing and service company may remove an official rejection tag or other mark placed on a scale by authority of the secretary.

(b) After the test is conducted and necessary repairs are completed, the scale testing and service company shall place the scale in service. If the scale is not repaired properly, the scale testing and service company shall replace the rejection tag or other mark with a substitute rejection tag or other mark supplied by the secretary.

(c) After removing an official rejection tag for the purpose of repairing a scale, the scale testing and service company shall send a completed inspection or test report and the official rejection tag to the weights and measures office within 10 days after the date of removing the official rejection tag. The completed inspection or test report may be submitted by facsimile. The inspection or test report or other attached document shall detail all repairs made, and the testing shall be conducted to ensure
that the scale is in compliance with Kansas law and K.A.R. 99-25-1.

(d) Any licensed scale testing and service company may file reports required by this regulation by means of facsimile. If the reports are sent to the weights and measures office by facsimile, the original shall be mailed to the weights and measures office within 10 days after the date of the test or inspection. Notifications mailed to the administrator shall be considered timely if they are postmarked on or before the 10th day following the calibration, repair, or adjustment described in the notification.

K.A.R. 99-30-6 Placed-in-service report. Each scale testing and service company shall submit to the secretary a placed-in-service report, also referred to as the DI-701 report, within 10 days after a scale has been restored to service or placed in service. The placed-in-service report shall be executed in triplicate. The scale testing and service company shall mail to the secretary the original report and each official rejection tag removed from the device. A duplicate copy of the report shall be delivered to the owner or operator of the device. The scale testing and service company shall retain the third copy of the report. (Authorized by and implementing K.S.A. 83-303; effective May 1, 1986; amended Oct. 21, 1991; amended March 6, 1998; amended Jan. 18, 2002.)

Article 31. – Motor-Vehicle Fuel Measuring Devices

K.A.R. 99-31-1. Definition. "Dispensing device" means any liquefied petroleum gas, motor-vehicle fuel or liquid fuel dispensing pumps, meters or other similar measuring devices and vehicle tanks used in the transportation of liquefied petroleum gas, motor-vehicle fuels or liquid fuels. (Authorized by and implementing K.S.A. 1987 Supp. 83-403; effective May 1, 1986; amended March 6, 1989.)

K.A.R. 99-31-2 Registration form. Each application for issuance or renewal of a testing service company license shall provide the following information: (a) The name and business address of the applicant;

(b) the name, home address, social security number, and date of birth of all technical representatives who repair, calibrate, adjust, or test dispensing devices for the applicant;

(c) the signature and title of the applicant or representative;

(d) the date of submission of the application;

(e) a certification that the applicant is fully qualified to install, service, repair, or recondition dispensing devices; and

(f) a certification that the applicant has in its possession or available for use sufficient standards and equipment adequate to test dispensing devices. (Authorized by K.S.A. 83-403; implementing K.S.A. 83-402, as amended by L. 2001, Ch. 5, Sec. 484; effective May 1, 1986; amended Dec. 26, 1988; amended Jan. 18, 2002.)

K.A.R. 99-31-3 Conformance with handbook 44. Each testing service company shall conduct each test and make each repair to dispensing devices in conformance with the requirements of the national institute of standards and technology handbook 44 as adopted by reference in K.A.R. 99-25-1. Copies of this material or the pertinent portions of it shall be available from the office of weights and measures, Kansas department of agriculture, Topeka, Kansas. (Authorized by and implementing K.S.A. 83-403; effective May 1, 1986; amended Dec. 26, 1988; amended Oct. 21, 1991; amended Jan. 18, 2002.)

K.A.R. 99-31-5 Removal of rejection tags. (a) For the purpose of testing or repairing a dispensing device, any licensed testing service company may remove an official rejection tag or other mark placed on a dispensing device by authority of the secretary.

(b) After the test is conducted and necessary repairs are completed, the testing service company shall place the dispensing device in service until examination by the secretary. If the dispensing device is not repaired properly, the testing service company shall replace the rejection tag or other mark with a substitute rejection tag or other mark supplied by the secretary.

(c) After removing an official rejection tag for the purpose of repairing a device, the service company shall send a completed inspection or test report and the official rejection tag to the weights and measures office within 10 days from the date of removing the official rejection tag. The completed inspection or test report may be submitted by means of facsimile. The inspection or test report or other attached document shall detail all repairs made, and the testing shall be conducted to ensure that the device is in compliance with Kansas law and K.A.R. 99-25-1.

(d) Any licensed testing service company may file notifications or reports required by this regulation by means of facsimile. Notifications or reports mailed to the administrator shall be considered timely if they are postmarked on or before the 10th day following the calibration, repair, or adjustment described in the notification.

K.A.R. 99-30-6 Placed-in-service report. Each scale testing and service company shall submit to the secretary a placed-in-service report, also referred to as the DI-701 report, within 10 days after a scale has been restored to service or placed in service. The placed-in-service report shall be executed in triplicate. The scale testing and service company shall mail to the secretary the original report and each official rejection tag removed from the device. A duplicate copy of the report shall be delivered to the owner or operator of the device. The scale testing and service company shall retain the third copy of the report. (Authorized by and implementing K.S.A. 83-303; effective May 1, 1986; amended Oct. 21, 1991; amended March 6, 1998; amended Jan. 18, 2002.)

K.A.R. 99-31-5 Removal of rejection tags. (a) For the purpose of testing or repairing a dispensing device, any licensed testing service company may remove an official rejection tag or other mark placed on a dispensing device by authority of the secretary.

(b) After the test is conducted and necessary repairs are completed, the testing service company shall place the dispensing device in service until examination by the secretary. If the dispensing device is not repaired properly, the testing service company shall replace the rejection tag or other mark with a substitute rejection tag or other mark supplied by the secretary.

(c) After removing an official rejection tag for the purpose of repairing a device, the service company shall send a completed inspection or test report and the official rejection tag to the weights and measures office within 10 days from the date of removing the official rejection tag. The completed inspection or test report may be submitted by means of facsimile. The inspection or test report or other attached document shall detail all repairs made, and the testing shall be conducted to ensure that the device is in compliance with Kansas law and K.A.R. 99-25-1.

(d) Any licensed testing service company may file notifications or reports required by this regulation by means of facsimile. Notifications or reports mailed to the administrator shall be considered timely if they are postmarked on or before the 10th day
following the calibration, repair, or adjustment described in the notification or report.

K.A.R. 99-31-6 Placed-in-service report. Each testing service company shall submit to the secretary a placed-in-service report, also referred to as the DI-701 report, within 10 days after a dispensing device has been restored to service or placed in service. The placed-in-service report shall be executed in triplicate. The testing service company shall mail to the secretary the original of the properly executed report, together with any official rejection tag removed from the device. A duplicate copy of the report shall be delivered to the owner or operator of the dispensing device while the third copy of the report shall be retained by the testing service company. (Authorized by and implementing K.S.A. 83-403; effective May 1, 1986; amended Dec. 26, 1988; amended March 6, 1998; amended Jan. 18, 2002.)

Article 40. – Petroleum Measurement

K.A.R. 99-40-3. Invoice disclosure requirements for wholesalers and distributors of gasoline and diesel fuel. (a) Each distributor or wholesaler of gasoline and diesel fuel shall provide the following information to the purchaser at the time of delivery:

(1) The minimum octane of the product as determined by the (R+M)/2 method;
(2) for diesel fuel, the grade, minimum flash point, and American petroleum institute gravity of the product;
(3) the terminal of origin of the product;
(4) the destination of the product;
(5) the name of the wholesaler, if different from the distributor or point of origin;
(6) the quantity of each type of product delivered;
(7) the percentage of ethanol if more than one percent; and
(8) the percentage of biodiesel fuel if more than one percent.

(b) The information required in subsection (a) shall be provided to the purchaser in writing.
