

## SCALE TICKETS

### **INBOUND FORM — REGULATION 4-25-8**

Upon the deposit of grain by a producer or other depositor in any warehouse licensed under the provisions of K.S.A. Chapter 34, grain shall be weighed and graded as provided by the laws and regulations of the State of Kansas and the Kansas Department of Agriculture. The original of an approved scale ticket issued to the depositor of such grain shall be approved in form by the Kansas Department of Agriculture, Grain Warehouse Program and contain the following information:

- |                                     |   |                                      |
|-------------------------------------|---|--------------------------------------|
| (1) Name of Licensee                | (2) Date  | (3) Name of Depositor                |
| (4) Gross Weight<br>on or off truck | (5) Tare Weight                                     | (6) Net Weight and whether driver is |
|                                     | (7) Test Weight                                     | (8) Price                            |
| (9) Kind of Grain                   | (10) Signature of Licensee or duly authorized Agent |                                      |

Such scale tickets shall be plainly marked “Inbound”, and shall be serially numbered and shall contain at some convenient conspicuous point thereon the following statement: “Approved by the Kansas Department of Agriculture”.

### **OUTBOUND FORM — REGULATION 4-25-9**

Upon the shipment or transfer of grain by a warehouseman licensed under the provisions of K.S.A. Chapter 34, such shipment or transfer being made by any means of transportation except by rail or water, grain will be weighed as provided by the laws and regulations of the State of Kansas and the Kansas Department of Agriculture, the original of an approved scale ticket issued to the consignee of such grain, said scale ticket to be approved in form by the Kansas Department of Agriculture, Grain Warehouse Program and contain the following information:

- |                                     |   |                                      |
|-------------------------------------|---|--------------------------------------|
| (1) Name of Licensee                | (2) Date  | (3) Name of Consignee                |
| (4) Gross Weight<br>on or off truck | (5) Tare Weight                                     | (6) Net Weight and whether driver is |
|                                     | (7) Test Weight                                     | (8) Price                            |
| (9) Kind of Grain                   | (10) Signature of Licensee or duly authorized Agent |                                      |

Such scale tickets shall be plainly marked “Outbound”, and shall be serially numbered and shall contain at some convenient conspicuous point thereon the following statement: “Approved by the Kansas Department of Agriculture”.

Scale tickets may contain such additional information as may be desirable to the warehouseman so long as such additional information receives prior approval of the Kansas Department of Agriculture. Such approved scale tickets shall not be used for custom weighing or for any other purpose or use not within the purview of K.S.A. Chapter 34, Article 2, and the regulations of the Kansas Department of Agriculture, but shall be used only for grain received, shipped or transferred by such warehouseman. A copy of such scale tickets shall be kept by the warehouseman, in numerical order, including voided tickets, and shall be furnished to an authorized examiner of said department upon demand.
